

## **INFORMATION REGARDING THE USE OF COOKIES, INFORMATION REGARDING PROCESSING OF PERSONAL DATA IN THE FORM OF COOKIES**

### What are cookies files?

Cookies are files that are stored in your device during your browsing on the website. Cookies are used to remember certain information about the user mainly in order to improve consumer interface, communication between the website and your device and simplify and accelerate functions of our website. Besides functional cookies that are essential for operation of the website, we use cookies that help us to inform you in case of maintenance of the website – those cookies obtain the information regarding the display of the alert information – and to analyse your preference and activity on the website by Google Analytics for the purpose of improving the provided services. With help of Google Analytics we gain information of your activities on the website, your IP address and information of the type of your device (the "Personal Data").

### What types of cookies do we use and how we use them?

We use two types of cookies on our webpage – session cookies, that are stored only during your visit of our website and are deleted once you leave the website, and persistent that may be stored on your device after you leave our website. The persistent cookies are Google Analytics cookies. For more detailed info click [here](#).

We process the acquired Personal Data mechanically.

### How to change cookies settings?

We process cookies based on your consent that is expressed by settings on your device enabling cookies. Cookies settings may be changed at any time in your browser. Cookies may be disabled, deleted or deleted automatically or only certain types of cookies might be allowed. For more info on the settings of your browser, click on the link below. Note that if you disable cookies, you might lose some of the functionalities that the webpage offers.
